Plaque & Base	\$640

# Memorial Options

2011 / 2012

A memorial is an enduring tribute to a person and can play an important role in the grieving process by forming a link between the past, the present and the future.

At Centennial Park we offer a wide range of memorial options, videos of which can be viewed on our web site at [www.centennialpark.org](http://www.centennialpark.org). This brochure previews a sample of our gardens and our experienced staff will be pleased to show you around the park and assist you with this important decision. Please call (08) 8276 6011 to book a no obligation tour or to speak with one of our friendly consultants.

## Memorial Attendance

Attending the placement of the ashes of your loved one into the selected memorial garden position can be a comforting final farewell.

Should you choose to do so, Centennial Park will carefully prepare the position for your attendance and will be present to facilitate your wishes. You may like to organize a minister, celebrant or funeral director to be present and can if you choose, place the ashes into the memorial position yourself. It is a special time of reflection for family and friends. There is a fee of \$110 for this service.

## Environment

All of Centennial Park's greenhouse gas emissions are fully carbon offset through methane destruction programmes. Centennial Park also actively recycles as part of a range of environmentally proactive initiatives.
