

## **Creating a safe environment at Centennial Park** ***Tributes Policy***

Please be aware that breakable items and landscaping are not permitted at grave sites. Items must not be placed on headstones, concrete beams, grass or paths.

Centennial Park understands the importance of tributes at grave sites. However, breakable items can cause injury and items on or around the grave site are maintenance hazards. Our tributes policy is in the interests of everyone's safety.

Please note that all glass, ceramics and potentially hazardous items will be removed from grave sites. Dead flowers and faded plastic flowers will also be removed.

Ceramic items will be stored for three months and can be collected from our administration building 9am to 4pm  
Monday to Friday.

Suitable plastic vases are available for use and can be found in various locations around the Park.

Thank you for your understanding and for assisting Centennial Park to maintain a safe environment for our community.
