

Charles Newman

To stop and smell the roses in our formal rose garden is a real treat. During spring and summer, the display of roses is a sight to behold. Five fountains and lush lawn create a tranquil space in which to reflect. The wisteria-covered central arbour and the golden elms and golden robinias along the garden border provide additional colour and texture throughout the year.

Botanicals

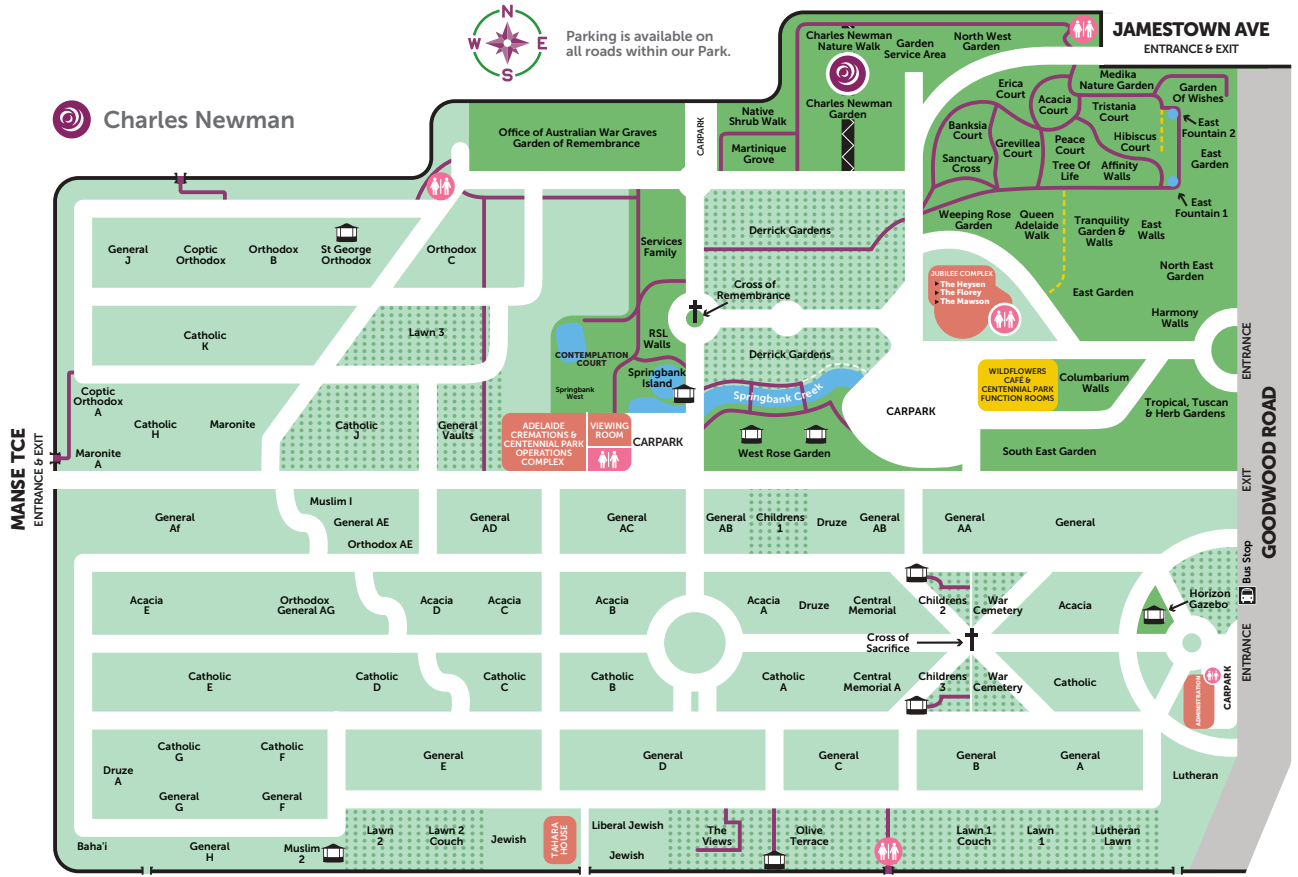

Roses | Golden robinia | Golden elms | Water lilies | Wisteria

Memorial Options

Wall niche, plaque on granite base, seat
