General Burial Information

New Burial Interment Rights

A Plain English Statement (CCASA Form) must be completed by the proposed Interment Right Holder for all new burial Interment Rights before a burial can occur.

As there are specific monumental requirements in particular areas, it is important that these are understood before purchasing a position at Centennial Park.

When a grave is required, it is essential to arrange an appointment to select a new position. Contact Centennial Park on (08) 8276 6011 to arrange an appointment. Burial positions vary. If irrigation, shade and seating are important, please advise your memorial consultant.

Interment Rights for new burial positions are issued for a minimum of 50 years with the option for longer tenure or perpetuity (forever).

Repositioning Existing Burials

An Interment Right Holder may request for existing burials to be repositioned to a lower level – a Lift and Deepen Procedure as referred to in the Burial and Cremation Act 2013 (SA) can occur when:

- Earlier interments were at insufficient depth for further burials; at least three years have elapsed since the most recent burial.
- If there are already three interments in a grave, repositioning for further burials will only be permitted if at least 40 years have elapsed since the most recent burial and the Interment Right for the grave is held in perpetuity.

Preloved Burial

A Preloved Classic is a position that has been reclaimed by Centennial Park. Existing interments are placed in an ossuary box at a lower level to allow for new interment(s).

Additional Tenure

Families may at any time add tenure (years) to Interment Rights with a minimum of 5 years to extend or renew.

Perpetuity (forever)

A Perpetual Interment Right ensures a burial or ashes memorial will remain forever, with no need for future generations to renew. You can convert to perpetuity at anytime, call our team for a quote..

Interment Right Holder

Rights and responsibilities are defined in the Plain English Statement Form. The family must decide who will be the Interment Right Holder, as only the Interment Right Holder can authorise interments and monumental work (headstones, inscriptions, plaques, etc) at the position.

Transfer of Interment Right Declaration Form

A Transfer of an Interment Right is only permitted with the approval of Centennial Park.

A Transfer of Interment Right Declaration form must be submitted to Centennial Park before a transfer can occur.

A Transfer of Interment Right Declaration form must be completed before the re-opening of a grave for an additional burial, where the Interment Right Holder is deceased.
